

## Certificate of Ownership

For the Road located on the Lot: Township 39 North, Range 70 East, M.D.B. & M. Section 19 NW4SW4SW4 (APN:010-80E-017) going North to West, running paralell to the BLM fence in about 300 ft distance and 660ft in length.

The owner owns the road as long as it exists. The ownership does not include the land, the road is situated on. If the road disappears the property has vanished, too. The owner of the road can take measurements to maintain the road (e.g. usage) to maintain its existence.

In case the current owner of the land ("eteam") is planning to sell or otherwise intending to divest the land, the current owner of the Road has to get informed and has the right to acquire the land. When the current owner of the road is transferring the ownership, the eteam has to get the updated ownership informatio, too.

signed: eteam
